Principal's Message

"Happiness lies in the joy of achievement and the thrill of creative effort."

-- Franklin Roosevelt

Indeed, each of us has had the opportunity to focus on academic achievement and to demonstrate our creative abilities and efforts as members of the school community during the 1998-99 term. The knowledge, skills, and attributes we have gained will enrich our lives as we pursue post-secondary studies or join the work force in pursuit of a career. Through our created adaptation to the changes that have occurred during this transition year in the history of Bonnie Doon School, we have grown together in understanding and we shall be the better for this. As students, staff members, and parents, we have gained an appreciation for our own personal abilities as we adapted to new situations, maintained focus on our goals, and worked cooperatively with others -- and this is no small blessing.

This yearbook will provide a wonderful opportunity for each of us to recall the events of the year, whether they be assemblies in the main gym, lessons in the classrooms, lunch in the cafeteria, informal chats with friends by the locker, basketball games, or final exams in the west gym. No doubt, these memories will evoke feelings that range from anxiety to anticipation, from joy to sorrow, and from confidence in oneself to appreciation for the support of others. As someone who graduated from high school decades ago, I can assure you that this yearbook will be a welcome reminder of this critically important portion of your life story. I commend Mrs. Margaret Lee, our teacher coordinator, and the students on the Yearbook Committee for the many hours they have dedicated to this project, for the creativity with which they approached each element of the book, and for the determination they demonstrated to ensure that this yearbook would provide a record of this portion of our school history available for everyone to enjoy.

Another prominent group of students in our school are those serving with the teacher coordinator, Mr. Howie Farrell on the Leadership Team. You will no doubt be impressed with the extensive contributions made throughout the year by this terrifically talented and hardworking groups of individuals. Images of Halloween costume judging events, 12 days of Xmas, pep rallies, and a host of other events which created a positive sense of community and contributed greatly to school spirit throughout the year.

In that we are entering the final month, I want to reinforce our chief purpose - enhancing student achievement. As students, it is critical that we take advantage of unscheduled time to review key learning's as we study for the final exams and diplomas. As staff members, we need to reiterate our dedication to academic goals as we assist students through review lessons, tutorials, and supportive comments. As parents, we need to "hold the reins" on that sense of freedom that looms on the horizon in July in order to maintain a structured home setting that will support preparation for year end assignments and exams. As principal, I will endeavor to assist each of you in your respective roles in order to bring a successful conclusion to this term.

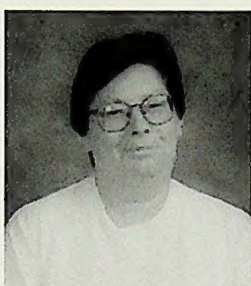

General George S. Patton advised us to "accept the challenges so that we may feel the exhilaration of victory." Each of us will face unique challenges in the coming year which will test both our determination and our strength of character. For those who are moving on as teachers or students to other schools or post-secondary institutions, may these new educational settings motivate you to continue your pursuit of excellence in all that you attempt and may they offer different opportunities for personal growth. For those who are remaining at the school as students and staff, may the wonderful unforeseen adventures you face bring forth tremendous opportunities for you to discover within yourselves new talents and traits which will contribute to the evolution of the L'Académie Vimy Ridge Academy. For those who are parents, friends, or partners of Bonnie Doon School, I know that you have gained a wealth of experience this year which will hopefully impact your lives in the years ahead, and that you will continue to develop our school through sharing of ideas and assistance in the years ahead.

To each of you, I want to extend my most sincere and heartfelt appreciation for the support you have provided for me, both as a principal and as a person who has had the good fortune to join the Bonnie Doon School community for a short period of time. I have gained an immense appreciation for the fortitude required to face challenges and have seen in action success that can only be accomplished through courage, dedication, teamwork and determination. These are the qualities that yield countless rewards, not by what we have achieved but by what each of us has become in the process.

Bonnie Doon Radio

In 1973 Bonnie Doon had its own radio station. These people were playing Iron Butterfly, Leonard Skinnard, Fog Hat, and Deep Purple. "Born to be Wild"

Getting' Jiggy with it.

Back in the day, school dances were the happening place to hang out on a Friday night. Now it's at a buddies house in his dark basement.

Bonnie Doon Looks Back on the Good Ol' Dayz

Whether it's 1958 or 1999 everyone still likes to just hang out with some buddies. Whether its in the cafeteria, the alley, or at the bus stop, make the time to mellow out and chill.

If Walls Could Speak . . .

So often I hear the well-worn phrase, "If walls could speak," but who is to say they can't? Here am I, a building that has stood for 40 years, listening to the whispers of the world, yet no one has asked ME if there are secrets I hold, or feelings I harbor, or wishes I wish would come true! Let me, then, take the initiative to set the record straight: I DO have secrets, feelings and wishes I contain within these "mature" walls (some would say I'm old, but that is simply not so).

Can you imagine what it was like for me, in 1958, to open my doors to welcome what would become generations of youth? Ah, 1959 was a very good year, because I was busy, busy, busy playing host to this activity or that, and frequently receiving compliments on my good looks (these compliments have become fewer, but I still have my share of them coming, believe me). And there's nothing like youth to keep me young, I can tell you that! Over these rewarding years I have served as host to important dignitaries, major sporting events, superior academic activities, and general educational pursuits. Far be it from me to boast, but I must say I did shine in these endeavors, and so did our youth. Together, we forged a history that will not soon be forgotten.

As this year closes, I find I am to receive a new identity, but of one thing I am absolutely sure: there will always be a place in my heart (for, after all, one cannot simply replace a heart) for 40 years' worth of individuals who strode my halls, sat in my rooms, and made me feel worthy. My name at this point of writing remains Bonnie (Doon), and so I hope to remain in your hearts. You have served me well, and I will miss you. So, please . . . remember me! Remember

I know that high school was not the easiest three years of my life (writing this is a prime example), but then again, it was not the hardest. The last three years at Bonnie Doon were, how you say, 'unique.' Thanks to everyone including my friends, you know who you are: J.T., J.C., E.M., C.N., M.B. As well as a special thanks to D.D.T. (oldmlfe). I want to thank Bonnie Doon itself for setting me towards the future. Thanks Bonnie Doon for everything.

Margaret Burneau

Throughout the past three years at Bonnie Doon I have learned to live with the good and the bad. I can't say I will miss it. The Bio. Classes with Mr. Simpson, the yelling from Mr. Zarowny, and the laughs with Mrs. Boos. I couldn't have made it without Becky S. (Boobzie, Choppy), Christiann L. (Saggy pooh), Treena B. (Tree-pee), Patrick B. (my twin brother), Steph M., John & Twyla (where's the baby?), Selena (we will wait), Becky M. and also for Steven P. who will always be in my heart.

So many good times - I'll really miss Thursdays. Clean fork, dirty fork; DJ fossil, Indiana . . . Jones, pull up your pants - you're white! Tulips on Halloween. I just LOVE black with polka dots, don't your raver girl in choch-world? We never have to go back! Whips and chains . . . sorry I missed church! And it harm none, love, and do what thou wilt.

Cindy Corke

Pam Denis

Thanx to all my pals for memories such as: Pizza delivery guy, Denny's, what are we doing in English class?, Big Red at IKEA, Austrian monks, awesome roommates, singing with Julia and Carissa's magical healing powers. Best hopes in the future for all. Later pals. P.S. Grey is my favourite colour. What about you?

Class of 1999

Chelsey Dey

Well, this is it. It's so exciting! I'm going to miss all the friends, sports, socializing, and teachers. N.K., M.C., G.V., N.T., P.R., J.A., D.D., D.B. - You're all awesome. Thanks for your friendship and the good times. Love you all (can't wait to come back for reunions). Bye.

Danelle Dick

Thanx BD for an awesome grade 12 year. It was an experience. Our all girl classes (that's the way to have them) and half the population leaving - Go Vimy Ridge! Anyway, congrats to those of us who are left. Remember, "Success is when you don't know whether you are working or playing." Thanx Dad, Mom, Dez, Tony, Jayme, Joan, teaching staff, and especially God for helping me to get through this hectic year. P.S. I say we celebrate our reunion in the tunnels with Cheech and Chong. Ya!

Ainsley Drake

So we've done our time. Now we can heave a sigh of relief. Thanks to my parents for making this all possible. Thanks to A.P. for all the good times and to T.F. for always being there for me. And for those who know me well, don't worry, I have all night!!

Jacey Erickson

It's been 2 1/2 years since I first came to Bonnie Doon in grade 10. I'd like to thank my family, my teachers, and my friends like Treena B (Tree-Tree). I'd like to thank my boyfriend Douglas B. for making my first 6 months a blast (love you). I will always remember being in the grad choir and hosting the 98-99 pep rally. Thanks to an H who helped make this a time I will not forget. This is for you mom (my guardian angel).

Hey Pals. A true pal bites your toes, steals blankets and cuddles you while you're trying to sleep. Memories at Mill Creek pool, the Hack boys and good times with Big Red. Bio 30 and dreams that I hope will never come true. Late nights of singing along with Jewel and Julia. Ha. Ha. Dancing even though many of us look quite funny. Crazy waiters: you know who you are. Mission Impossible and I am Canadian. Bang Bang Bang Bukabonoshi. Later pals.

Lisa Giesbrecht

School has been fun and I had a great time while it lasted, but I thank god it's over. I'll miss sitting in the cafeteria during spares with sticky tummy, header, twitcher, peeper, and all the rest. P.S. Meet me on the football field in 5 minutes. One piece of advice to BS - always remember to take protection when you go out for dinner. I would also like to apologize to all the teachers for making my own nap time during their classes. Good luck to everyone and always remember to have fun.

Amanda Gougeon

Wow! Two years at BD - seemed like 3! Thanks to all. * My F+F; N.K. (good times!), R.S., A.C. - memories - P.E. & S.C., F+G, the 'wp', quotes from Simpsons (POML) - thanks to u I didn't need the comedy NTWK to survive HS! *4F4 (ICHDWOYS) N, N&P (AC+) Dancers Rule! Love always, Amanda.

Annette Guercio

Well, it's finally over. I'll never forget you guys - you're the best. How could I forget my nicknames (Goose, Netteski)? Don't worry N.T., they'll find a cure for the Thakur disease some day, and L.M. would you stop with the Christmas carols! Ha! Ha! Always remember that "sanity is the playground for the unimaginative." I wish you all the best!

There were many memorable times that I will always treasure, such as City Football Champs and all those volleyball, basketball and soccer games. To all the teachers who helped make my three years here the best! Special thanks to: Mr. Z, you always made computers fun; Mr. Smarsh, you always encouraged me to strive for the best; Ms. Blondheim, who always made calm and psych my favorite subjects; Ms. Lee, who helped me through English; and Mrs. Lee, who finally got to see my play. I WILL MISS YOU ALL!

Maegan Lukian

Thanx to my family and all my friends who have given me so many memories. I will never forget social class with L.M., B.S., and V.P. who actually made Social 30 fun. Chem. tutorials with B.S. and G.V. Tanning in 3/4 spare and spending the summer at Millcreek pool. I also want to thank M.F., P.D. and J.M. - you guys are the best.

Linda Majcher

Life is a rollercoaster. So many ups and downs. So many people puking. One of which is me. There are so many things to remember. Never forget those summer days at Millcreek, tanning, walking home, and a "certain" person in a bikini. I swear one of these days she's bound to fall out. Yogurts that burst in your bags and water bottles that mysteriously disappear. To all those people who made life worth living.

Kim Mayville

What can I say? It's been a great four years with the Indian guy on the wall, the football field jokes, not to mention that little surgery, and all the fun times in Germany. Keep on puddle jumping and blowing bubbles for me. Thanks to all my friends.

Julia Medland

A true pal not only makes you laugh crazy, but they bite your toe, think you're a bad singer and party with you all night even if they have to work early the next morning. Cheers to the dirty talks, toy guns, poonjabs, company and connections - you know who you are. Bang, Bang, Bang. Bukabenoshi. Later Pals.

Finally an end has come to the irresponsible years of high school. Grade nine was definitely a good trip, which hopefully those of us involved will never forget. Remember B.S., you have to come up with better excuses, Mexico? Look Ma no hands, and M.L., you will never see your scarf again. L.M., enjoy your adulthood, don't have too much fun. I look forward to seeing you all in the future, hopefully on good terms. Enjoy life for the moment. Have a great time. Miss you all. Love always V.

Melisa Perrier

I love to play my number 1 sport, soccer, and I liked playing on the volleyball team. I love hanging out with my friends and going to the movies. I had a great two years at Bonnie Doon. I really got to know people and made some good friends. Mr. Farrell was a great soccer and volleyball coach, and I wish all the teachers the best in the new school year.

Andrea Perry

A toast to the last graduating class of the true Bonnie Doon. Thanks to my best bud, Ainsley, for keeping me sane, and to Greg for always making me laugh. To all the Newfies, whatta ya at?

Yvette Prefontaine

Favorite colors: orange, green, blue. Favorite pastimes: doing and looking at art in different forms, listening and playing different kinds of music, computers, watching television and movies, reading magazines, biking, rollerblading. My future plans are: Graduate and attain my high school diploma with an average of 65% or higher in my English 30 course. I plan to attend Grant MacEwan Community College for the Fine Art program after I finish high school.

Sarah Rambaran

Hardeep Sarai

First of all, I would like to say thanks to all of my teachers. I had a great time in Bonnie Doon. I had lots of fun with my friends who made these three years wonderful. At last, I would like to say - Good luck to my friends.

Everything was new to me when I first came to Bonnie Doon - it was so hard for me to get used to everyone. I would like to thank all my teachers and friends who made these three years wonderful. Special thanks to my mom and dad for all your support and encouragement. I really liked Bonnie Doon School and I learned a lot in the school. Also, I want to say good luck to my friends.

Class of 1999

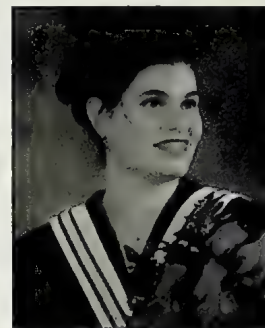

Jesse Sawchuk

The past few years at BD have been rad from skateboarding in the hallway to backyard boogies and our fun at Mill Creek pool. I'd like to thank my parents and teachers for helping me along the way and all my friends for the good times, especially M.L., J.E., SK8 or Die!

Becky Scott (Boobie)

I thought this day would never come, but now it has and I wish it hadn't. Our lives are going to start, and probably get more difficult. Thanks to all my teachers through my 3 years at Doon, who gave me the will power to finish high school. Once I put mind to it, I knew I could do it. Thanks to Lisa, Kelly, Margaret, and Christiann (kissie, kissie). But all my thanks to my mom Linda, sister Debbie, grandparents Sandy and Corlie Lundberg, in loving memory of my dad, Ken, and my loving boyfriend, Steven. All the best to all those grade 12's who have gone through the torture and have succeeded.

Five years from now (O.K., maybe a little sooner) I will miss this school. I had some good experiences in Mr. Koehler's class and Mr. Simpson's classes. I wish I got more involved in this rare "community" where there was little threat of violence, caring teachers and broad student assistance. I hope to keep in touch with Margaret Burneau and Hannah Niles who have both proved their worthiness as friends. There are countless people I hope to see in the future.

Mark Teeuwissan

When I went to Bonnie Doon, it was the best year of my life (Ha, Ha). I would like to thank all my friends for the good times we had together. Thank you.

Paramjit Turna

The past three years have been great at BD. I would like to thank my teachers and my friends who have helped me get through high school. Also, my family who have stuck by me through my high school years. Special thanks to my favorite teachers: S.L., E.G., P.S., B.H., H.F. Senior class - good luck in the future

Genevieve Vidito

The years spent at BD will definitely be remembered not for the injuries suffered or the class time used for sleeping or even pranks we so often pulled, but for the friends made. Thanx to N.T., C.D., A.C., sweet cheeks, Mr. S, and all those I forgot to mention for making my time here so memorable. Would anyone like to join me in singing O'Canada? You'll have to put down your flaming baton!

Selena Wong

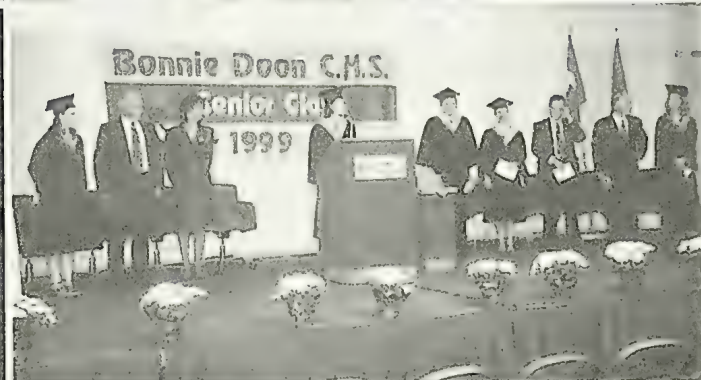

It's three years already! High school is over. Who knows where we will end up in the future? I will always remember the fun and friends of high school. Although I am a quiet girl, I had a very good time with friends and teachers. I keep you in my heart. I would like to thank all my teachers and my family, I hope you all have a bright future and the best of luck in life.
